

Meeting Agenda

Group: OOPP-Group77

Date: 7/9

Chair: Martin

Participants: Hampus, Elin, Alexey, David, Martin

Objectives (5 min)

- We need to decide on the Domain Model.
- We need to assign tasks (assignments) and decide who will be working on which features.
- We need to discuss what workflow we aim for.
- Discuss priorities.

Reports (15 min) from previous meeting

After the last meeting we have:

- Written multiple user stories.
- Sketched an initial GUI.
- Read up on the APIs.

Alexey

- Researched Javax Mail api
- Gather api documentation

Elin

- Researched Javax Mail api

David

- Researched Javax Mail api

Hampus

- Researched Javax Mail api
- Wrote foundation for UML class diagram (MVC) / Domain model

Martin

- Tested Javax Mail api
- Create a boilerplate for the project

Discussion items (35 min)

- We need to decide on the Domain Model.
- We need to discuss what workflow we aim for.
- Discuss priorities.

Outcomes and assignments (5 min)

Outcomes:

- Discussed the domain classes. Who are the domain experts? Naming?
 - We went for a preliminary model for now, and will ask the supervisor for her opinion on Thursday.
- Workflow: We agree that we should/one should
 - try to evenly divide work among the group members
 - If you feel like falling behind, communicate to get help.
 - If you feel like sprinting ahead, communicate and help others first, otherwise ask if you can proceed with other tasks.
 - try to evenly divide documentation and coding tasks among the group members.
- Priorities right now
 - Draw the Domain model
 - Create RAD and SDD documents and divide sections among the group members and start writing.
 - Draw a UML class diagram with all parts of the MVC model.
 - Create responsibilities, in domain model and rad + sdd, as well as tasks from the user stories.
 - Code :)

Assignments:

- The Trello board was created together with tasks from user stories discussed previously. Tasks have been divided between participants according to their area of interest.
- Group members have been assigned to write different sections on RAD.

Wrap up

The next meeting will take place Thursday 9/9 at 9:00, remotely via Zoom.
